REDECON 2010

ANCHOR THEME "UNDERGROUND STRUCTURES"

INTRODUCTION

ACCE- Bangalore Centre, in its constant endeavour to serve the Civil Engineering fraternity, is conducting its Fourth National Seminar and “Deminar” – Recent Developments in Design and Construction Technologies (REDECON-2010) – to introduce the participants to the latest advances in the field of Civil Engineering.

The “Deminar” (Demonstration + Seminar) is a new concept which is being introduced in this year's event, which will feature a demonstration (conducted outdoors) of equipment and construction techniques (which will be telecast live inside the auditorium) while a running commentary / or explanatory talk (Seminar) is delivered by a speaker to the audience.

ACCE(I)-Bangalore Centre has been organizing three-day REDECON National Seminar and Exhibition events in Bangalore on a regular basis since 2005. Three such vents have been held thus far : in 2005, 2007 and 2008. All of them have been overwhelming successes and have been enthusiastically received and attended by the civil engineering professional community in Bangalore so much so that it is an eagerly looked forward to by one and all.
